

ABTR-HC4 Hinge Cover

with screw point protection

- 4-Inch Hinge Cover for use on interior and exterior doors, right or left hand swing.
- Provides economical protection to the hinge and adjacent door.
- Design provides a cushion between doors when they are placed adjacent to each other for shipping and storage.
- Designed with a tapered entry on both ends to provide ease of application.
- More effective than cardboard or rubber bands.
- Provides a protective covering over screws protruding through the jamb.
