DF6 Reversible Nut® 2-PIECE CLOSURE

This 2-Piece Closure is used for 2-3/8" backset doors with 5/8" - 3/4" jambs, interior or exterior units, inswing or outswing to keep the door unit closed and secure without sagging until installation.

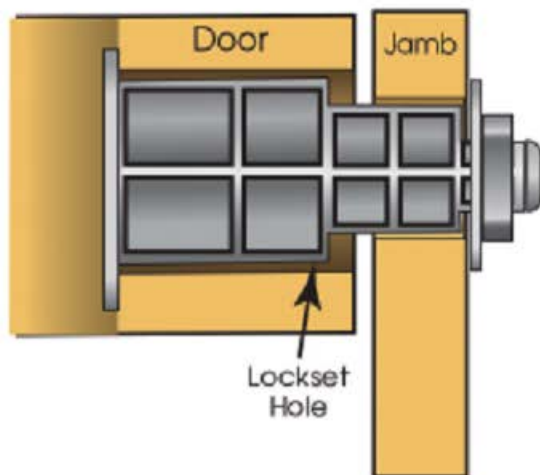

The DF6 requires a 1" diameter bore hole and a 3/4" x 1" hole through the jamb.

- Only 1/4 turn is needed secure!
- Parts are connected for easy matching of bolt and nut.
- Nut dimension fits easily within the confines of casing if applied to the unit.

Reversible nut for
3/4" and 5/8" jambs

5/8" to 3/4" jamb
